## R&R Rural: Relaxed - Yet profitable

If you've ever thought of moving to the country or quitting that tiring job and working for yourself, this is the perfect opportunity. Be your own boss with this well established spare parts, hydraulic and repair business which is locally owned and operated. Services include make up and sale of hydraulic hoses, parts and accessories, farm equipment spares, filters, etc. With two presses, two welders, a Car Hoist, a compressor, forklift and Lathe, but to name a few, R&R Rural is the go to shop for most farmers in the area, and has a good regular customer base with monthly accounts being processed with the very familiar Recon Point of Sale System. This sale includes the building and the business with heaps of stock, and with the current yearly turnover, the price is a steal. Financials can be made available to genuine interested buyers.
